

Standort Agentur Salzburg GmbH

The Standort Agentur Salzburg is the investment promotion and investor service agency of State and City of Salzburg. We help foreign and domestic companies planning to invest in Salzburg through our free, all-inclusive services. Additionally, we assist expatriates and their families with transitioning into life in Salzburg.

What can we do for investors?

WE SHOW YOU SALZBURG.

At the beginning of every investment we provide a general briefing on the business location of Salzburg with all the important information, for example current economic data and the economic structure of Salzburg.

WE PROMOTE YOUR PROJECTS.

In addition to the site counseling and the search for a suitable business location, we provide you with individualized support packages based on your specific projects. The state and the city of Salzburg's departments of economic development and national funding offer financial support for a number of innovative projects and headquarters settlements.

WE PROVIDE ADVICE ON TAX AND FINANCING ISSUES.

During the investment process the issue of „taxes“ is of great importance. Our tax advisors can help with tax concerns, as well as providing the most relevant legal forms for your company's establishment, and possible investment benefits due to Austrian tax law.

WE OPEN THE DOOR TO SALZBURG.

We also actively support you in all stages of company establishment, contact with authorities and the authorization process. Our broad network of partners from the chambers, administrative authorities, financial institutions, insurance companies, etc. ensures you a fast and smooth start in Salzburg.

WE ARE ALWAYS THERE FOR YOU.

With active full service we provide individual support throughout the whole settlement process and thereafter. Let one of our investment-coaches “take you by the hand“ and guide you through the investment process!

We will help you with anything you need- beginning with the project start till the final company establishment.

ALL OF THESE SERVICES ARE FOR FREE!
